Third Member of Council, with compliments:

3/ I was sorry to hear that leprosy was very prevalent in the Malavalli and Mandya taluks. Some special steps will have to be taken to combat the disease, such as the opening of a Leper Asylum, the employment of a special medical man who has undergone special training in the diagnosis and treatment of the disease. (I think a Sub-Assistant Surgeon would do).

4/ Unless special measures are devised and efforts made to control, if not to stamp out the desease it is bound to spread.

D. O. No. G.C. 204-2 Bangalore 12th Oct. 1928.

Dear Sir, Med. 8-27-12

As a result of the personal interview I had with the Third Member on the 11th instant regarding the steps to be taken for the prevention and treatment of lepers in the Mandya and Mulvalli taluqs I herein enclose for the early sanction of the Government a statement of improvements for the present leper Asylum and of the estimated cost thereof.

The Deputy Commissioner, Mysore District, may kindly be instructed to take necessary actions for enforcing the provisions of the leper Regulation - starting from Batchanhalli with the Malvalli taluq which is the village most heavily affected. Instructions may also be kindly issued to the D. P. W. to put the construction of the general ward on hand immediately. Detailed plans and estimates received in this connection, have been returned to the Ex. Engineer after counter-signature. Action for the acquisition of the cultivated dry land to the west of the Asylum as shown in the sketch ~~may~~ has I believe, to be initiated by the Deputy Commissioner to whom necessary instructions may kindly be given.

The menial staff was sanctioned year ago on the basis of 32 lepers -- 16 males and 16 females. The Staff is thoroughly inadequate. Additional establishment as shown in the statement may kindly be sanctioned as also the enhanced grants under diets and contingencies. The calculations are made for six months from January to June. It is expected that by the beginning of January, the construction of the Ward will be completed and the ward will be made available for housing the additional lepers.

Provision has also been made for 12 cubicles as these are found necessary for members of the lepr\s families coming fro\ Bachalli being separated and kept under observation.

Yours Sincerely.

[illegible], F. A. P. I.
[illegible] and Revenue Secretary.
